PROJECT : GROUND WATER STORAGE TANK AT RAFO GHALA CAMP

1. We are pleased to put on record our appreciation to M/s Al Ansari Trading Enterprise LLC to execute the project works for the installation of the largest GRP Water Storage Panel Tank size of 15 x 15 x 3m, in MOD RAFO Ghala camp. The test carried out on 14 Sep 03 for leakage & chlorination of the water tank were given satisfactory result.
2. The above activities were carried out in proper sequence with good engineering practice and to our satisfaction by taking adequate precautions in maintaining the existing services and performed excellently to the required levels of quality, safety an site cleanliness.
3. We also appreciate the diligence and sincere involvement of Al Ansari Trading personnel involved in the project especially the efforts of Mr. Iqbal Ahmed Ansari (Project Engineer), who with his positive attitude, hard work, and excellent practical knowledge, helped to complete the tank installation work successfully before the schedule time. Therefore we have no hesitation in recommending M/s Al Ansari Trading Enterprise LLC for similar water supply works in future.
4. Regards.
