Ref: Project HADAF - Civil Engineering Infrastructure  
Electrical & Air-conditioning Works

We confirm that M/s. Al Anani Trading Enterprise LLC, has executed the Electrical & Air-conditioning works of the above Ministry of Defence Project, as a Subcontractor to us.

The Subcontract, valued at R.O. 725,000/-, consisted of 11 kV Substations, Generators, Uninterruptible Power Supply Systems, building electrical & air-conditioning services, fuel piping system, earthing - all required for Radar and Communication Installations.

We are pleased to note that M/s. Al Anani has executed a good quality job with stringent technical standards supervised by MODES. They have extended excellent cooperation during the progress of the work and have rendered careful planning and coordination to complete the 12 sites, scattered all over the country, within the contract completion period.

We are very happy with the overall services provided by Al Anani and have no hesitation in recommending them for similar projects.

Thanking you,

Yours faithfully,  
for ISKAN CONTRACTING CO. LLC.
