Ref: Parade Ground & Road Improvements, MAM
Electrical & Air-conditioning Works

We hereby confirm that M/s Al Ansan Trading Enterprise LLC has been our Subcontractor for the Electrical & Air-conditioning works of the above Ministry of Defence Project.

The Subcontract, of B.O. 320,000/-, covered Parade Ground High Mast lighting with 50 Mtrs High staking poles, cabling and associated works for TV Broadcasting system, Substations, Standby Generators, Chilled Water Air-conditioning system, and Damming System for His Majesty and VIP areas.

We had a very tight schedule of 5 months to complete the project, which was to be ready for the National Day Celebrations. Al Ansan's team actively participated in all planning, co-ordinating the activities on regular basis, to ensure that the job was completed as desired by the Client. It was not just the speed, but also the quality of work, which won the recognition and praise from the Client.

We wish to acknowledge the active part played by M/s. Al Ansan in making the project a success and are pleased to recommend them for all Electro-Mechanical works.

Thanking you,

Yours faithfully,
for ISKAN CONTRACTING CO. LLC.

Kham Bahadur
General Manager
